

GU 700A

Double fast cleaning with a single pass

NILFISK

Easy access to all components for simple service

A powerful 3-motor vacuum with a huge 40 litre capacity dust bag and extra wide pick-up nozzle, the GU 700 A makes short work of cleaning large carpeted areas. Designed for maximum productivity this unit easily handles 700 m² per hour, and is the right machine to choose when the job needs doing quickly and thoroughly. With the GU 700 A cleaning is fast and easy. A single pass leaves a thoroughly cleaned 65 cm wide area of carpet. Even large banquet rooms or carpeted exhibition areas can be thoroughly vacuumed with the minimum of trouble or time. When obstacles are encountered, the GU 700 A has the manoeuvrability to clean around furniture and to make sharp turns. At a working rate of 700 m²/hour the productivity is excellent.

- Optional microstat filtration kit captures 99.94% at 0.3 microns
- 8 brush height positions for effective cleaning of all carpet types
- Large nozzle opening provides maximum floor coverage without clogging
- Durable moulded polyethylene housing provide added comfort and safety
